

DGM Syringing System: Better By Design

6" Diameter Cover

Provides quick access to water hose, yet nearly out-of-sight. Hose reel and enclosure sit just 9" below grade level.

Brass Ball Valve

Allows system to remain fully charged for quick on/off water flow.

Bumper-Stop and Roller

Bumper-stop maintains proper length of hose in riser.

High Quality PVC Hose

Industrial grade PVC hose is specially blended for irrigation use.

Drainage Opening

The housing is open at the bottom to allow for drainage.

Anti-Jump Brackets

Anti-jump arms prevent the hose from slipping off the reel. Rollers insure smooth pulling action while guiding the hose onto the reel.

Stainless Steel Cover

Corrosion-resistant cover allows quick and easy access to reel for maintenance.

Ratchet Lock

A locking mechanism engages every three feet to maintain desired hose length outside unit.

Two-Piece Reel Enclosure

Rugged, high density polyethylene housing unit provides long-lasting permanent protection.

Corrosion Resistant

Individual components are powder-coated, stainless steel or aluminum to handle adverse conditions. New corrosion-resistant stainless steel drive spring ensures long life.

Extracting hose.

Syringing.

Retracting hose.

MODELS FEATURE:

- **Easy hose change** allows hose to be changed without disturbing the installation. Simply pull length of hose out until black steel braided hose appears, lock reel and change hose.
- **Spring retractable hose reel** and hose with 3/4" or 5/8" male hose thread, 3' x 3/4" inlet hose with 3/4" NPTF swivel fitting connection and latch ratchet.
- **Permanent high-density enclosure** is constructed of polyethylene (HDPE) with removable stainless steel cover and hose spout with locking cover.
- **Corrosion-resistant stainless steel** support rails and new stainless steel drive spring are standard on all units.

DGM SYRINGING SYSTEM

MODEL	HOSE LENGTH	I.D.	WEIGHT (lbs.)	DIMENSIONS L x W x H
DGM 84050 OLP	50'	1"	159	39 1/4" x 26 1/2" x 40"
DGM 83075 OLP	75'	3/4"	159	39 1/4" x 26 1/2" x 40"
DGM 85100 OLP	100'	5/8"	159	39 1/4" x 26 1/2" x 40"
600719	Optional Installation Kit			

NEW!!

The optional installation kit assists in connecting the DGM system to existing irrigation. Kit includes compression "T", 1 1/2" gate valve & related fittings plus ball valve & quick disconnect for hose end.
