✓ Great for turf care, golf courses, clubhouses and maintenance facilities.

## Heavy Duty Industrial Spring Retractable Reels Series 7000

The base and guide arms of the Series 7000 are formed from high-grade steel and engineered with structural forms and gussets to yield the greatest amount of strength. The Series 7000 incorporates all steel construction and a baked-on powder coat finish to produce a rugged corrosion resistant product suitable for a wide variety of heavy duty applications.

## Spring Retractable Composite Reels Series S

The S Series is economical, lightweight and easy to handle. This reel is made of corrosion proof, tough polypropylene and extensive tests have shown it to be highly resistant to the vast majority of acids, alkalis and UV Rays. The S Series design both protects the hose and allows easy cleaning of both hose and reel.

## Spring Retractable Power Cord Reels Series L4000

Series 4000 power cord reels offer many different styles of outlets. Easy to mount and structurally strong, the power cord reels have robotically welded heavy gauge steel frame that attaches to most structurally sound surfaces. Multiple guide arm positions allows for versatile uses and easier field adjustment.
